## MEMBER CONSTRUCTION UPDATE FOND DU LAC FAMILY YMCA

### Construction Update, Seating Changes & Parking Information

4.16.26

We'd like to share an update on our ongoing lobby construction, along with important information about member seating and parking access in the coming weeks.

#### ***North Atrium Seating Update (April 27 – May 21)***

The North Atrium has become a popular space for members to relax, meet, and connect. Beginning April 27 through May 21, this area will serve a dual purpose on weekdays due to construction activity near the Boys & Girls Club entrance.

#### **Y Member Seating Availability:**

- Weekdays: 5:00 am – 3:00 pm
- Weekdays: 7:00 pm – 9:00 pm
- Weekends: Available during regular YMCA business hours

#### **Boys & Girls Club Use (Entrance & Walkway):**

- Weekdays: 3:00 pm – 7:00 pm

We appreciate your flexibility as we share this space to support both YMCA members and Boys & Girls Club participants.

Additional seating remains available throughout the building, including in the Wellness Center and Lower Level.

#### ***Parking & Traffic Flow Updates (Starting April 27)***

Due to construction beginning at the Boys & Girls Club, there will be temporary adjustments to parking and traffic flow, primarily impacting Child Care Center and Boys & Girls Club traffic.

- The entrance to the Boys & Girls Club parking lot will be closed during this phase
- Traffic patterns will be adjusted—please follow posted signage
- Designated parking and drop-off/pick-up areas for Child Care Center and Boys & Girls Club will be clearly marked

General member parking will remain available. However, you may notice changes to traffic flow.

Please allow extra time when arriving and use caution when navigating the lot.

Please refer to the parking map for full details.

#### ***Construction Progress Update***

Phase 1 of lobby construction is progressing well, with an anticipated early May opening of the new Welcome Center desk. While the desk will be open for use, some finishing elements—such as railings and entry access adjustments—will continue to be completed.

Phase 2 will follow and focus on realigning the former Welcome Center area for staff and administrative use.

The YMCA will remain open during construction. Members may notice temporary adjustments, including changes to traffic flow and some construction noise.

Thank you for your continued patience and support as we improve our space. We're excited about the progress and look forward to welcoming you into these updated areas soon!
