

# BUILDING WHAT'S NEXT TOGETHER

## MEMBER CONSTRUCTION UPDATE FOND DU LAC FAMILY YMCA

2.11.26

### Upcoming Lobby Construction Reminder - Phase 1

This is a friendly reminder that lobby construction will begin on Monday, February 16, 2026, as part of our ongoing improvements to enhance your YMCA experience.

Please review the updates below so you know what to expect when visiting the Y.

---

#### Building Access & Traffic Flow

Beginning Monday, February 16, **all traffic entering and exiting the building** will use the **set of doors on the right-hand side of the main entrance** (closest to the pool).

A construction zone will begin to be blocked off in the lobby area at that time. We ask that members:

- Be mindful of increased foot traffic
  - Use caution when entering and exiting the building
  - Follow all posted signage and staff direction to help ensure everyone's safety
- 

#### Construction Noise

As work gets underway, the lobby area will begin to experience some construction noise during active work times, scheduled from 6:00 am-2:30 pm. We appreciate your understanding as we complete this important improvement project.

---

#### Parking Update

Beginning this week, **three parking spaces near 2nd Street in the YMCA parking lot** will be occupied by a construction dumpster. While most parking will remain available, we encourage members to allow a little extra time when arriving.

The YMCA will remain **open during construction**, though you may notice temporary adjustments as work progresses. Clear signage will be posted outside and inside the building to help guide you safely around construction areas.

Thank you for your patience and cooperation as we work to improve our space. We truly appreciate your understanding and look forward to sharing continued updates along the way.
