

Keeping Our YMCA Healthy & You Informed

STAY WITH US

Dear Valued Y member,

At this time, as one Y community, we're asking that you stay with us, not as a facility member, but as a cause-driven YMCA member to continue to support our mission in our community. Staying with us ensures our Y remains poised to help and support our neighbors who need us most. We realize that not all of you will be able to do that, but if you can, please retain your membership, and stay with us. It is our strong intention to resume all normal operations as soon as possible. As things change, we will continue to keep you informed. We are grateful for your understanding, your support, your trust, and your prayers.

We are aligning our resources to best support the most pressing needs in our community, and will continue to serve parents who must continue to work. We continue to follow the Wisconsin Department of Health Services guidelines on Child Care Centers. The families in our community need safe and reliable places for their children, and our **Child Care Center continues to remain open at this time**. We are working with our partners to identify ways we could further expand our services, to help those in our community who need us now, more than ever.

If you are able to STAY WITH US and retain your membership, we thank you. If you have reached out to us by phone or email with questions about your membership, our staff will be contacting you starting on Monday. We are directing all membership inquiries to hbelle@fdlymca.org, and our staff will respond as soon as possible.
